Note for Circulation in Council.

Subject:- Estimate for improvements to the Water Supply Distribution system in Miriyur Town.

Complaints having been received about the inadequacy of Water Supply in Miriyur Town, the Sanitary Engineer, Bureau of Sanitary Engineering was requested to examine the matter and to take needful action for effecting improvements to the Water Supply at the place. On examination, it was found by the Sanitary Engineer that the G.I. Pipe Lines laid about 20 years ago have all been choked up or are leaky and required complete overhauling or replacement. He has accordingly submitted for sanction, through the Chief Engineer for Irrigation an estimate amounting to Rs 63,500/- for improving the Distribution system. The estimate has been scrutinised by the Chief Engineer for Irrigation who reports that the work is necessary to ensure proper water supply to this town. The estimate has also been duly countersigned by the President, Miriyur Minor Municipal Council. The Deputy Commissioner Chitaldrug District, considers that it is an urgent need of the town and recommends sanction to it.

2. Miriyur is a minor Municipal Council with slender resources. It has to maintain a Municipal High School and has also to build a suitable building for locating the said school. At its meeting held on the 30th June 1947, the Municipal Council has resolved that 1/4 of the cost of the work be met by the Municipality and the remaining 3/4 by the Government and for meeting the share of the Municipality, ~~the municipal council has resolved~~ it is requested that a loan be granted by Government to that extent repayable in 10 yearly instalments with 2 % interest. The Deputy Commissioner recommends sanction to this also.

3. The financial condition of this Municipality as per the budget estimates for the year 1947-48 is

~~for the year~~

as follows:-

| | |
|---|---|
| Opening Balance | Rs 20,407 |
| Receipts | 32,806 |
| Total: | Rs 53,213 |
| Expenditure | 39,050 |
| Closing Balance | Rs 14,163 |

4. The points for consideration and orders are:-

(i) Sanction to the estimate for Rs 63,500/- for the work in question;

(ii) sanction to the proposal to meet the cost of work by the Government and the Municipality in the proportion of 3: 1

(iii) to sanction a loan of Rs 15,875/- to the Municipality repayable in ten annual instalments, bearing interest at 4 % per annum (the usual rate of interest levied on loans advanced to local bodies)

(iv) the Government share of the estimate amounting to Rs 47,625/- to be paid out of the "Water Supply Grant" for 1947-43

5. The Financial Secretary is agreeable to the above proposals. We

6. The Minister for Local Self Government to whom the Papers were submitted has minuted that he found the Water Supply to the town to be insufficient, the submains being leaky and damaged and that the scheme requires to be sanctioned as an urgent measure and that the proposals in (i) to (iv) above are acceptable to him. The Dewan having ordered that the case may be circulated to the Council, this note is accordingly circulated.

The estimate has also been duly countersigned by the President, Hiriyur Minor Municipal Council. The Deputy Commissioner Chitaldrug District, considers that it is an urgent need of the town and recommends sanction to it.

2. Hiriyur is a minor Municipal Council with slender resources. It has to maintain a Municipal High School and has also to build a suitable building for locating the said school. At its meeting held on the 30th June 1947 the Municipal Council has resolved that 1/4 of the cost of the work to met by the Municipality and the remaining 3/4 by the Government and for meeting the share of the Municipality, it is requested ~~the Municipal Council has resolved~~ that a loan be granted by Government to the extent repayable in 10 yearly instalments with 2 % interest. The Deputy Commissioner recommends sanction to this also.

3. The financial condition of this Municipality as per the budget estimates for the year 1947-48 is

as per the budget estimates for the year

as follows:-

| | |
|---|---|
| Opening Balance | Rs 20,407 |
| Receipts | 32,806 |
| Total: | Rs 53,213 |
| Expenditure | 39,050 |
| Closing Balance | Rs 14,162 |

4. The points for consideration and orders are:-

(i) Sanction to the estimate for Rs 63,500/- for the work in question;

(ii) sanction to the proposal to meet the cost of work by the Government and the Municipality in the proportion of 3: 1

(iii) to sanction a loan of Rs 15,875/- to the Municipality repayable in ten annual instalments, bearing interest at 4 % per annum (the usual rate of interest levied on loans advanced to local bodies)

(iv) the Government share of the estimate amounting to Rs 47,625/- to be paid out of the "Water Supply Grant" for 1947-48.

5. The Financial Secretary is agreeable to the above proposals.

6. The Minister for Local Self Government to whom the Papers were submitted has minuted that he found the Water Supply to the town to be insufficient, the submains being leaky and damaged and that the scheme requires to be sanctioned as an urgent measure and that the proposals in (i) to (iv) above are acceptable to him. The Dewan having ordered that the case may be circulated to the Council, this note is accordingly circulated.

With reference to your Memo No I 782 dated the 30th ultimo, I have the honour to state that I inspected Hiriyur on the 3rd inst with the District Health Officer and noticed that the Engine is not being worked for the last twenty days, as the lubricating oil is exhausted for which the Railway Receipt has just now been received The crude oil required for this Engine has been informed by the Burmah Shell to be delivered out of the allotment to this Sub Dn vide previous reference No 1508 dated 13-4-1946 and the Municiapal President is requested to credit Rs 34/- for 40 gallons of crude oil in their barrels

As already noticed during your inspection, the Municipality requires improvements in the distribution lines as the G I Pipes laid twenty years back have all been choked up or leaky This will be attended to in detail and an estimate will be submitted Mr Suresh who is a Clerk in the Taluk Office was sent for and he did not turn up The locality in which the water supply was not - enough, is just above the bridge where ¾" G I pipe line is carried to a long distance and is leaky

The Municipal President informed that as the present level in the Vani Vilas Sagar is about 6900 which would suffice two or three summer hot weatherflow the Town will be faced with difficulty if the Vanivilas Sagar Reservoir does not get further receipts It will be then necessary to put a curbwell in the river bed and pump water to the bus stand This question will be taken up in detail after the end of this month by which time the receipts of the 'Mungaru Rains" will be over
